

A summary of training activities for Twinning projects

Courses

Why:

- Intensive
- Interactive learning
- Strong emphasis on practical application
- Domain-specific expertise and transferable skills

To Whom:

[Open to external participants]

- Researchers
- RMAs
- Stakeholders

How long:

- Several hours to a few days
- In-person, virtual, or hybrid
- 15-25 participants

Outputs:

- ECTS credits
- Certificate
- Training materials
- Individual or group assignments
- Policy briefings or recommendations

Schools

Why:

- Immersive and intensive
- Multi-activity programme
- Strong networking component

To Whom:

[Open to external participants]

- Early career researchers

How long:

- Up to 2 weeks
- In-person
- 20-30 participants

Outputs:

- ECTS credits
- Certificate
- Training materials
- Posters/ presentations/short reports
- New career opportunities
- Joint publications
- Alumni networks or community of practice

Workshops

Why:

- Interactive
- Focus on skill-building and collaborative problem-solving
- Practical exercises

To Whom:

[Open to external participants]

- Researchers
- RMAs

How long:

- 1/2 to 3 days
- In-person, virtual, or hybrid
- 8-12 participants

Outputs:

- Training materials
- Best practice guides
- Reports
- Use cases/prototypes/mock-ups/models
- Action plans
- Project proposals
- Joint publications
- Policy briefings or recommendations

Seminars / webinars

Why:

- Focus on a topic aligned with the project's objectives
- Structure: Intro to the topic > expert-led presentations > Q&A session

To Whom:

[Open to external participants]

- Researchers
- RMAs

How long:

- Hours
- In-person or virtual
- 10-50 participants

Outputs:

- Recorded presentations
- Slide presentations
- Q&A summaries or key takeaways
- Event report

Authors

Asselman, Jana - Blue Growth Research Lab, Ghent University, Belgium; **Blázquez, Mercedes** - Institute of Marine Sciences (ICM-CSIC), Barcelona, Spain; **Marshall, Hollie** - Division of Genetics and Genome Biology, University of Leicester, United Kingdom; **Martín, Laia Navarro** - Institute of Environmental Assessment and Water Research (IDAEA-CSIC), Barcelona, Spain; **Mennigen, Jan Alexander** - Department of Biology, University of Ottawa, Canada; **Navarro, Anna** - ZeClinics SL, Barcelona, Spain; **Pinto, Albano** - CESAM and Department of Biology, University of Aveiro, Portugal; **Santos, Eduarda** - Biosciences, Faculty of Health and Life Sciences, University of Exeter, United Kingdom; **Escobar-Sierra, Camilo** - Institute for environmental Research, RWTH Aachen University, Aachen, Germany; **Pereira, Joana Luísa** - CESAM and Department of Biology, University of Aveiro, Portugal
